Do You Know How

To Wear Your Hat?

Style and Becomingness of Your Headgear Depends

on Angle of Its Tilt.

Without attempting to explain why,

what every woman does know is that

even her most favorite hat is fickle.

There are days when it simply refuses

to look well. Is it her hair? Her own

particular mood? At any rate, that

hat has to be laid by in favor of an-

And while economy in clothes is be-

ing practiced more or less by women

the world over, in planning for this

end hats are quite among the very last

items to go on this economy list. An

old gown can be made to do satisfac-

tory duty, a most inexpensive one can

be given an air of extreme chic, if a

smart and becoming hat crowns them.

particularly charming, with a variety

of shapes that should make it easy for

any individual taste to be suited; for,

in spite of the fact that the canotier and the very small toque are most gen-

erally worn, the shops are showing

many other forms with these. For

these two popular shapes do not suit

The universally smart appearance of

the French woman is, perhaps, more

than anything else, due to her art of knowing how to wear her hat. This is

more important than even the hat itself, which, be it ever so beautiful, can be made quite commonplace if put

carelessly or unbecomingly upon the head; and be it ever so plain, can be rendered a bewitching thing when

mademoioselle poises it so adroitly at

just the correct angle. Perhaps it is

this instinctive artistic taste that

causes a large part of the working

women of France to go hatless, or to

wear a pretty one, or else none at all.

The little midinette hurrying to or

from her work never lacks a certain

chic for which a jauntily posed

To begin with, a careless coiffure is

almost unknown among French women

of all classes; and with this to start

with they one and all seem to know

and well short of the angle that would
